

LNCaP

TRAINING AND CONSULTING

@ **BIO**SCOPE GROUP

Proteomics

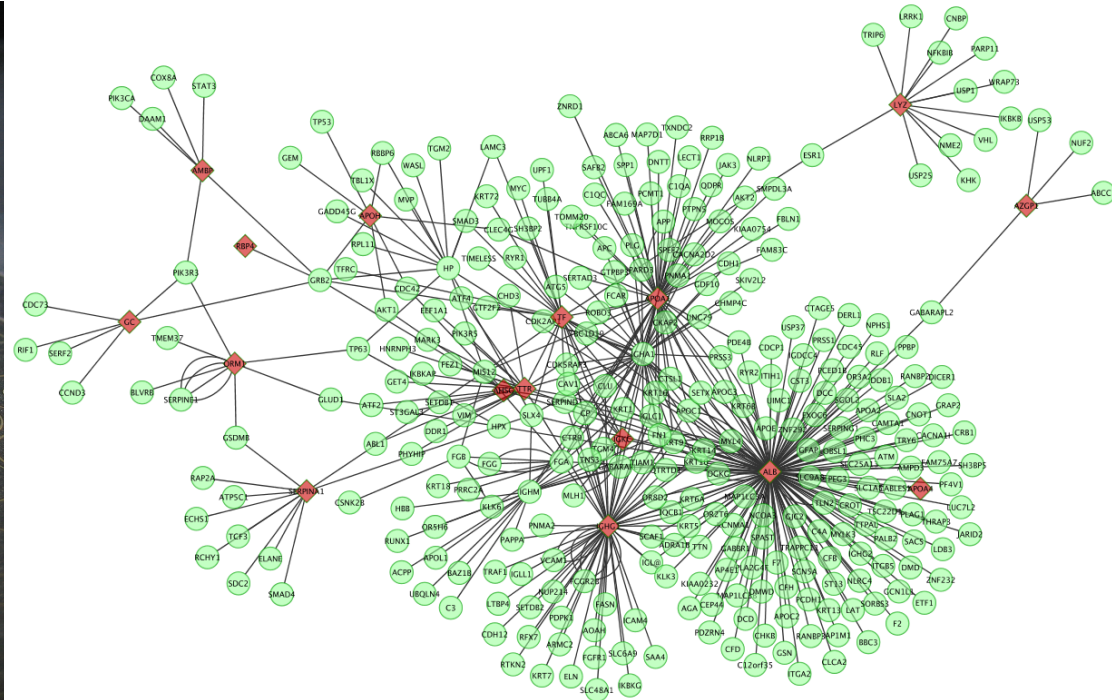

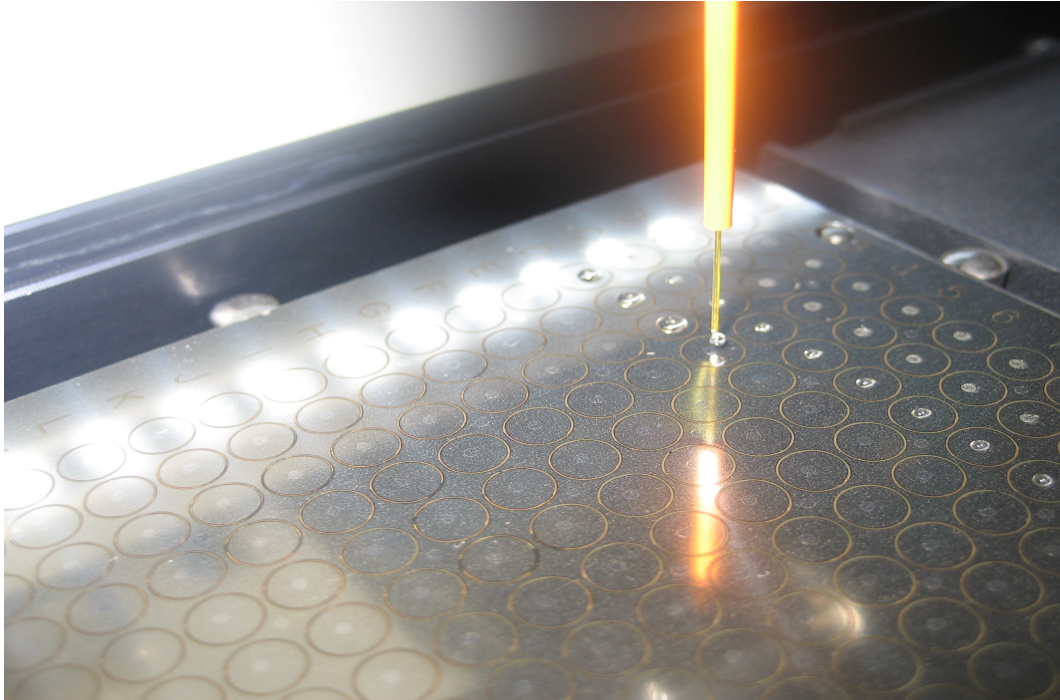

Bioinformatics - R software

Fluorescence and related techniques

Nanoparticles for biochemical and medical diagnostics

Contact : Dr. José Luis Capelo

e-mail: jlcm@fct.unl.pt or jlcapelom@gmail.com

BIOSCOPE COURSES

26th - 28th April 2013

III Hands-on Course in Ultrafast Sample Treatment for Proteomics: From Protein Identification to Quantification;
<http://www.bioscopegroup.org/handson2013/>

23rd - 25th May 2013

III Hands-on Course in Fluorescence and Related Techniques Applied to Chemosensors;
<http://www.bioscopegroup.org/handsonfluorescence2013/>

27th-29th June 2013

Course on R software applied to Mass Spectrometry-based Biosciences: Data Preprocessing and Analysis (from clustering to classification);
<http://www.bioscopegroup.org/massspectrometry2013/>

28th-30th March 2013

I Hands-on Course in Sample Preparation using Nanoparticles for Proteomics: Biochemical and Medical diagnosis;
<http://www.bioscopegroup.org/handsonnanoparticles2013/>
